MUGGLES

Perplexed muggles were convinced they saw an old car flying over the Post Office Tower at noon in Norfolk.

Mrs. Betty Bonfiso spotted the Flying Ford Anglia while hanging out her washing in her locality of Bandonworth. Mr. Angus Fleet of Wolfes reported the flying car to police at his local Finchley station. Six or seven muggles in all reported the flying Ford Anglia.

The Improper Use of Magic Office is investigating the incident.

The Wizard responsible is expected to be in for a very rough time.

Eye-witnesses Leona Gore and Daphne Blankenshin said that the accident caused by a rather feeble old wizard called Armando Dippet, a local well known for his erratic flying. He is due to take his ancient age flying test next month on his 555th birthday. Unfortunately this accident occurred a month too early. Luckily though no serious injuries were incurred.
